

Q1. (PYQ): You are invited to deliver a speech in the morning assembly on "Importance of Discipline in Student Life". Write the speech in short and simple sentences using British English conventions. (Word Limit: 120-150 words)

IMPORTANCE OF DISCIPLINE IN STUDENT LIFE

Respected Principal, worthy teachers, and my dear friends. A very warm morning to all of you. Today, I stand before you to share my views on the topic "Importance of Discipline in Student Life".

Discipline is the foundation of a successful life. It means following rules and maintaining self-control in our daily routine. In student life, discipline helps us organise time effectively between studies and sports. Disciplined students focus better in class and complete their tasks on time.

Without discipline, a student's life becomes chaotic and stressful. Good habits like waking up early, respecting teachers, and staying honest build strong moral character. Discipline is not a restriction on our freedom. Instead, it is the bridge that leads us towards our future goals.

Let us all promise to practise self-discipline in our daily lives. Thank you and have a wonderful day ahead!

ROLE OF YOUTH IN NATIONAL DEVELOPMENT

Respected Principal, teachers, and my dear friends. Good morning to everyone present here. Today, I am honoured to speak on the topic "Role of Youth in National Development".

The youth are the true strength and future of any country. Young people possess high energy, fresh ideas, and strong determination. They can transform society through hard work and positive thinking. Moreover, young citizens can drive social reform. They can spread literacy, promote environmental protection, and fight against social evils like corruption. Simple actions like following traffic rules and maintaining cleanliness also strengthen the nation.

Q3. (PYQ): Write a speech for your school assembly on the topic "Hazards of Junk Food" to create awareness among students using British English conventions. (Word Limit: 120-150 words)

HAZARDS OF JUNK FOOD

Respected Principal, teachers, and my dear friends. A pleasant morning to all. Today, I wish to draw your attention to a very common health issue: "Hazards of Junk Food".

Junk food like burgers, pizzas, and fizzy drinks has become popular among students. These food items taste delicious, but they lack essential vitamins and nutrition. Eating fast food regularly causes serious health problems like obesity, heart issues, and poor digestion.

Excessive consumption of sugar and unhealthy fats makes us feel tired and reduces concentration in studies. We must understand that health is our real wealth. Choosing home-cooked meals, fresh fruits, and vegetables gives us long-lasting energy and strong immunity.

Let us say no to junk food and adopt healthy eating habits for a better life. Thank you!
